Re: Movie Star Muscle Cars Inc., Gary Pronman, and Daniel Pronman

Dear Mr. Tiger:

Shutts & Bowen LLP has been retained to represent Brian Styles in the matter concerning the website located at <http://www.garypronman.com> (the "Website"). This correspondence is in response to your September 10, 2009 letter to Mr. Styles, threatening him with a defamation lawsuit.

We strongly dispute your accusation that Mr. Styles has defamed Gary Pronman, Daniel Pronman, or Movie Star Muscle Cars Inc. or violated the Pronmans' privacy rights. The Website was created to provide awareness about the Pronmans' questionable business practices. It is composed of true facts and fair and reasonable opinions, all of which derive from information gleaned from official records and other publicly available sources. By publishing this information, Mr. Styles is providing a public service and exercising his right to freedom of speech.

While you claim that Mr. Styles has engaged in a campaign of defamation and character assassination against your clients, you fail to state with any specificity which, if any, statements found on the Website are untrue. If you were sincerely concerned about your clients' reputations, you would have provided notice of any factual errors so that they could be evaluated and corrected. Your failure to cite a single purported falsehood suggests that your actual purpose is to intimidate Mr. Styles with respect to the pending litigation. Notwithstanding, if you wish to bring to a specific inaccuracy to our attention, we are willing to give it the consideration it warrants.

Sincerely,

SHUTTS & BOWEN LLP
